Ahead of other municipal governments in Japan, Nozawa Onsen Village has established "The Safety Ordinance for Ski Resorts in Nozawa Onsen Village", with the aim that guests who visit ski resorts in Nozawa Onsen should enjoy snow sports more safely. This requires that the village and administrators of the ski resorts should take proper safety measures while also requiring that skiers in the resorts should obey minimal rules and show good manners in order to take wonderful memories back home with them.

Safety Ordinance for Ski Resorts in Nozawa Onsen Village

(Purpose)

Article 1
 The purpose of this ordinance is hereby declared to define the responsibilities of visitors who use any ski resorts within the district of the Nozawa Onsen Village (hereinafter referred to as the Skiers), Nozawa Onsen Village (hereinafter referred to as the Village), and the personnel who are designated as a local public enterprise (hereinafter referred to as the Designated Administrators). It is in accordance with Article 10-1 of the Regulations concerning the Establishment of Public Enterprises in Nozawa Onsen Village (Ordinance No.1 in 1968), which was established as the first ordinance in 1968, to try and prevent accidents in the ski resorts and to make snow sports safer and more enjoyable.

(Observance Obligation)

Article 2
 The Skiers, the Village and the Designated Administrators should observe any conduct regulated by any laws and the

ordinance, along with the Rules for Safety in Winter Sports Centres established by International Ski Federation, and the Safety Standards of Skiing in Japan established by the Japan Ski Safety-Measure Council (hereinafter referred to as the Ordinances).

(Characteristics of Snow Sports)

Article 3
 The use of all snow-gliding/shredding equipment, typically skis and snowboards, involve sports which carry with them inherent risks due to the nature of the sports including how to effectively use the geographical features of mountains in winter, and the Skiers should 1) adapt their own skills and techniques to slopes, snow quality, course variances, crowdedness on courses, and other factors, under various climate conditions, 2) glide/shred slopes whilst controlling their speed and direction, and 3) recognize their own responsibility for the safety of themselves and other Skiers and behave accordingly.

(Responsibility of the Skiers)

Article 4
 1. The Skiers should recognize their responsibility to secure the safety of themselves and other Skiers.
 2. The Skiers should obey any safety measures taken by the Designated Administrators, and follow any instructions given by the ski resort personnel and the staff members on patrol on how to conduct A@themselves.
 3. When getting on lifts, the Skiers should obey any written instructions and administration regulations displayed at lift terminals.

(Responsibility of Ski Schools and Ski Clubs)

Article 5
 1. Ski schools and ski clubs (hereinafter referred to as Ski Schools) shall cooperate with the Village and the Designated Administrator in order to put this ordinance into execution smoothly.
 2. The Ski Schools shall have their staff, instructors and enrolled students observe this ordinance.

(Responsibility of Athletes)

Article 6
 Athletes or racers, who are seeking to improve their times and techniques, shall not ski in a manner likely to intimidate other skiers when skiing on slopes which are not being used for a competition.

(Responsibility of the Village)

Article 7
 1. The Mayor of the Village shall define the ski area.
 2. The Mayor shall set up a Nozawa Onsen Village safety measure committee in order to promote safety measures in the ski area.

(Responsibility of Designated Administrator)

Article 8
 1. The Designated Administrator shall take all necessary safety measures to protect skiers in the ski area which was defined in section 1 Article 7.

2. The Designated Administrator shall observe these ordinances for operating ropeways and comply with the Administrator and the guidelines of the Ministry of Land, Infrastructure and Transport.

(Responsibility of Managers and Operators of Snow Vehicles)

Article 9
 The managers and operators of snow surface maintenance vehicles, snowmobiles, snow transporter vehicles, snowplows (hereinafter referred to as Snow Vehicles) shall observe this ordinance, the outline of the permission for snow vehicle operation, in the Nozawa Onsen ski area as designated by The Nozawa Onsen Ski Area Snow Vehicle Safety Operation Association, and shall pay attention to safety.

(Prohibition of Entry)

Article 10
 The Designated Administrator reserves the right to prohibit entry of skiers who cause disturbances or may disrupt the operation of the ski area, and they can eject individuals from the ski area or refuse usage of the facilities in the ski area.

(Compensation of Search and Rescue Expenses)

Article 11
 If a skier has an accident outside of the ski area which is not designated under section 1 Article 7 and requires a search and rescue operation, the skier shall pay compensation for the expenses incurred during the search and rescue operation to the Designated Administrator.

(Responsibility of Environment and Landscape Conservation)

Article 12
 Skiers, the Village and the Designated Administrator who gain benefit from the environment and landscape shall attempt to preserve them to pass them on to the next generation.

(Responsibility of Reports and Assistance of the Accidents)

Article 13
 1. The parties involved in an accident, which include the first person to find and witnesses of the accident (hereinafter referred to as the Parties of an Accident), that took place in a ski area defined in Section 1 of Article 7, shall report the accident accurately to the patrol members and assist the injured as well.
 2. The Parties of an Accident shall notify the authorities of an accident.

(Codicil)

In addition to the articles stipulated in these ordinances, other necessary articles concerning the effectiveness of the Ordinances shall be stipulated by the Mayor.

Supplementary Provision

The Ordinances became effective on December 21, 2010.
