Limitless skiing fun!

The Arlberg has always been known for its pioneering spirit when it comes to winter sports – Hannes Schneider revolutionised the skiing technique known as the Arlberg school of skiing; in 1937, Austria's first tow lift was built in Zürs, and the Galzigbahn cable car in St. Anton was the first cable car designed for winter operation. These and other innovations made the Arlberg famous as the cradle of Alpine skiing.

An average of nine metres of snowfall each winter and about 70 percent of mechanically covered ski runs make the St. Anton, St. Christoph, Stuben, Zürs, Lech, Schröcken and Warth area one of the most reliable in terms of snow conditions. In Austria's largest skiing region – and one of the five largest skiing areas worldwide – skiers can explore 305 downhill skiing kilometres, 200 kilometres of deep snow skiing and 88 lifts and cableways, as well as the spectacular Run of Fame skiing circuit. To ensure that the skiing pleasure on the Arlberg knows no limits even in times of Corona, we would like to ask our guests to observe the appropriate safety measures.

Welcome to Ski Arlberg!

English

Morning/Afternoon/Hourly tickets

Day tickets with refund

Day/Hours	Adults	Child ^{5,6)}	Youths ⁵⁾	Seniors ⁵⁾
1 ⁴⁾	63,00	37,00	56,00	56,00
Refund				
up to 2 h	30,00	17,00	27,00	27,00
up to 3 h	19,00	11,00	18,00	18,00
up to 4 h	12,00	7,00	11,00	11,00

The hourly ticket can be used from the time at which it is issued at the ticket office until it is returned in person at one of the cable car ticket offices.

Beginner tickets

for practice and baby lifts

Day	Adults	Child ^{5,6)}	Youths ⁵⁾	Seniors ⁵⁾
1 ⁴⁾	33,00	23,00	33,00	33,00
30 points ⁴⁾	30,00	21,00	30,00	30,00

30 point ticket for beginners - points deduction: St. Anton: Nassereinfluft = 2, Kindlifeld = 2, Muldenlift = 1, Fangbahn = 6; St. Christoph: Maiensee = 3; Stuben: Angerlift = 1, Walchlift = 2; Zürs: Practice slope = 3, baby lift = 1; Lech: Hinterwies = 2, Schwarzwand = 2, Fluh = 2; Oberlech: Bergbahn Oberlech = 5, Oberlech practice lift = 2. The 30 point ticket is transferable and valid until the end of the season. Points not used cannot be refunded. 1/2 and 1 day tickets for practice and baby lifts valid for all lifts as a 30 point ticket, only Bergbahn Oberlech max. 2 rides daily.

Limitless skiing fun!

With its 305 downhill skiing kilometres and 88 lifts and cable cars, Ski Arlberg is the largest ski resort in Austria, the famous country for winter sports! On an international scale Ski Arlberg is one of the top five largest skiing regions in the world! But size is not everything, because it is the renowned Arlberg quality that leads to unique experiences.

Run of Fame

Along the 85 kilometres with an altitude difference of 18,000 metres, skiers retrace the tracks of skiing pioneers and legends of sport and film who are also shown in the Hall of Fame at the Flexenbahn top station as well as in the lounges along the ski circuit. Everyone who completes the Run of Fame receive a small gift. Simply track your skiing day with the Ski Arlberg app and register at all the checkpoints. www.run-of-fame.ski

Local and ski bus (free of charge)

Local buses operate in Lech and Zürs. The ski buses in St. Anton/ St. Jakob and in Pettneu, Schann and Flirsch are marked with the line numbers. These buses and the Warth-Schröcken ski bus (between Schröcken-Unterboden and Warth-Lechleiten) as well as the Lechtal ski bus can be used free of charge with a valid ski pass (for the purpose of Alpine skiing).

Please note: The yellow post buses between St. Anton / St. Christoph (free-of-charge section) and Lech Zürs require payment. **Sonnenkopf:** A free ski bus from Stuben am Arlberg to the lower Sonnenkopfbahn base station and back runs several times a day.

Arlberg Safety Card (ASC)

The ASC entitles you to a refund of rescue costs should you have a skiing accident in the Arlberg skiing area. The card can be purchased from the ticket offices for € 15,00 (up to 8 days) or € 25,00 (from 9 days up to incl. season ticket). Only the purchaser is entitled to refunds – cards cannot be transferred or extended. In the event of an accident, the ASC holder must present the card to the emergency services at the scene of the accident without being requested to do so. You can find comprehensive information about the ASC at www.skiarlberg.at

The following company is obliged to provide the services covered by the ASC and is a contractual partner of the holder of an ASC: Wucher Helicopter GmbH, Hans Wucher Platz 1, 6713 Ludesch, hotline: +43 664 15 31 192, www.wucher.at

Should you have incurred rescue costs, please forward the respective invoices to helicopter@wucher.at

Details of the weekly evening sledging events are given on the noticeboard and the website.
--	---	---

Ski runs are marked and prepared if possible; they are checked and secured against atypical alpine dangers, especially avalanches.

Ski routes are marked and only secured against the risk of avalanches; they are generally not prepared or checked, or only in some cases.

For information on the current slope conditions refer to the panoramic boards at the cable car stations.

Ski run and ski route signs:
 = closed
 = open
 = yellow flashing light: Outside the safeguarded ski runs there is a risk of avalanches, grade 4 (= SEVERE) or 5 (= VERY SEVERE).
 = orange flashing light: Slope maintenance equipment in use

Slope closures and avalanche blasting: It is forbidden and a chargeable offence to enter closed ski runs and ski routes. It is not permitted, without exception, to enter forested areas and walk or sledge on ski runs. From the last checking run, immediately after the last ascent, ski runs and ski routes are closed due to the danger from slope maintenance vehicles and cable winches. Caution! No safety cordons! When there is a risk of avalanches, never use closed runs. In order to safeguard their own safety, people on tours outside the safeguarded and open ski runs are responsible for obtaining information about blasting from slope management. Caution! During and after fresh snow falls there will be avalanche blasting in the area - risk of avalanches! Avoid areas with avalanche risk at these times! Information at the base stations. Skiing accidents: In the case of an accident, please report the accident with exact details using the emergency call point, nearest lift station or designated call point. For the telephone numbers for the ski run rescue service for the respective area, refer to the information block. The ski run rescue service is chargeable.

Ski run preparation: The use of slope maintenance machines, also while the ski runs are in operation, cannot be avoided. Please be sure to keep a safe distance from these machines. Do not cross below slope maintenance vehicles on steep slopes as these may accidentally slip down. Where the view is restricted, in narrow passages or on cat-tracks, take extra care as slope maintenance vehicles may come the other way. Fresh snow: The Arlberg lifts and cable cars are well known for their efforts to offer perfect ski run conditions every day. However, when fresh snow falls it is unfortunately not always possible to prepare all runs at the same time, even with maximum deployment of slope maintenance equipment. Furthermore, in certain weather conditions fresh snow will not attach itself to the older snow covering below and will slip, forming heaps and bumps, in spite of the preparation work. This cannot be prevented, even with the best ski run management.

For safe enjoyment in our ski area please follow the valid FIS regulations for skiers and snowboarders and above all to be careful and considerate. The complete FIS regulations are available at many lift access points and at www.skiarlberg.at.
